**TO WHOM IT MAY CONCERN**

I can confirm that the product supplied by Andrews Coatings Ltd known as “Off the Wall Graffiti Protector” was tested in March 2015 by an independent authorised testing authority against performance criteria for Class O as given in the building regulations 2010.

The testing authority’s opinion on the product and data presented satisfied the requirements of class O as defined below.

Appendix a, performance of materials and structures, paragraph 13

The highest national product performance classification for lining materials is class O. This is achieved if a material or the surface of a composite product is either;

- a. composed throughout of materials of limited combustibility ;or
- b. a Class I material which has a fire propagation index of not more than 12 and sub index of not more than 6

The manufacturer’s details have been supplied and held on file in confidence at the request of the manufacturer / test sponsor.
